## BRIC-Translational Health Science and Technology Institute

(An Institute of the Biotechnology Research and Innovation Council, Govt. of India)  
NCR Biotech Science Cluster, 3<sup>rd</sup> Milestone, Faridabad – Gurugram Expressway,  
P.O. Box No. 04, Faridabad – 121001

**Recruitment notice no.: THS-C/RN/27/2024**

**Dated: 13 December 2024**

1. BRIC-Translational Health Science and Technology Institute (THSTI) is an autonomous Institute of the Department of Biotechnology, Ministry of Science and Technology, Govt. of India. The institute is an integral part of the interdisciplinary NCR Biotech Science Cluster located at Faridabad, and is designed as a dynamic, interactive organization with the mission to conduct innovative translational research and to develop research collaborations across disciplines and professions to translate concepts into products to improve human health.
2. BRIC-THSTI has built several inter-institutional collaborations and connectivity with industry supported by well-trained teams of research and laboratory staff. THSTI has established various centres namely (a) Centre for Maternal and Child Health, (b) Centre for Viral Therapeutics and Vaccines (c) Centre for Tuberculosis Research (d) Centre for Microbial Research, (e) Centre for Immunobiology and Immunotherapy (f) Centre for Drug Discovery (g) Clinical Development Services Agency (h) Computational and Mathematical Biology Centre (i) Centre for Bio-design and Diagnostics. These centres are strengthened by many core facilities viz. Bioassay Laboratory, Biorepository, Biosafety Level -3 Lab, Data Management Centre, Immunology Core laboratory, Multi-Omics facility, Experimental Animal Facility, Vaccine design and Development facility, School of Innovation in Bio design etc that serve as huge resources for the research programmes of THSTI and also the National Capital Region Biotech Science Cluster and other academic and industrial partners.
3. This recruitment is to fill up the vacancies under the projects entitled “**Sepsis-related mortality in neonates in India: A multi-disciplinary, multi-institutional research program for context -specific solutions**” for project positions at Clinical Development Services Agency (CDSA) center. CDSA is a niche center of THSTI established to facilitate development of affordable healthcare products for public health diseases. It is the only public Centre in the country created with a mandate to support and nurture cost-effective, high quality, not-for-profit technology-based preclinical and clinical product development as well as support clinical research conducted by public agencies. It works towards development of an eco-system for training and learning and work with public sector institutions, and small and medium enterprises (SME) to translate innovative technologies into medical products for public good.  
The main objectives of CDSA are:
  - a) As an academic Clinical Research Unit, to undertake & provide end -to- end clinical study support for investigators and SMEs in study planning, set up, conduct: project management, monitoring, data management, safety reporting, analysis and report writing
  - b) Build research capacity and capability through high quality training in the area of clinical development/trials and regulation
  - c) Support and strengthen clinical research environment in the country
  - d) Regulatory science and policy support: provide tools and approaches to support researchers, regulators, health policy makers & industry

Walk-in-Interview is being held for eligible candidates to fill up the following position under “Sepsis-related mortality in neonates in India: A multi-disciplinary, multi-institutional research program for context -specific solutions” DBT, CDSA-THSTI:

1.	Name of the post	Research Officer (Clinical), 1 position
	<b>Qualifications and Experience</b>	<ul style="list-style-type: none"> <li>• First Class Masters in Life Sciences with minimum 1 year of relevant clinical research experience</li> </ul> <p style="text-align: center;"><b>OR</b></p> <ul style="list-style-type: none"> <li>• MBBS/ BDS/ BHMS/ BAMS/ BPT/BPharm</li> </ul> <p style="text-align: center;"><b>OR</b></p> <ul style="list-style-type: none"> <li>• Ph.d/MD/MDS</li> </ul>
	<b>Age Limit</b>	<ul style="list-style-type: none"> <li>• 30 years</li> </ul>
	<b>Consolidated salary per month</b>	<ul style="list-style-type: none"> <li>• Rs 52,290.00</li> </ul>
	<b>Job profile</b>	<p>The Clinical Research Officer will be responsible for:</p> <ul style="list-style-type: none"> <li>• Overall coordination of study at site,</li> <li>• Supervision and coordination of research staff,</li> <li>• Ensures supplies, ensures smooth flow of CRFs,</li> <li>• Ensures data entry of research work</li> <li>• Training of nurses and other staff as per the SOP for ongoing monitoring of sepsis, sample collection and recording in the CRF</li> <li>• Monitoring the sample collection process by research nurses</li> <li>• Independently verify the findings of the research nurses and data entered in the CRF.</li> <li>• Sample collection as per the project timepoints</li> <li>• To coordinate with site co-PI/PI for final labelling of culture-positive, culture-negative and no sepsis</li> <li>• Supervising the study implementation at site and ongoing QC activities</li> <li>• Reviewing protocol deviations and loss to follow up to ensure quality data is delivered</li> <li>• Coordinating the data management progress with DM team</li> </ul>
	<b>Skills</b>	<ul style="list-style-type: none"> <li>• Computer skills including proficiency in use of Microsoft Office applications</li> <li>• Ability to establish and maintain effective working relationships with co-workers, managers, investigators</li> <li>• Good understanding of needs for project and job responsibilities</li> <li>• Adaptable approach with Effective communication and organizational skills</li> <li>• Coordinates the day to day management of the research portfolio</li> </ul>
